DETAILED ACTION

Claims 1-6 and 8 are under consideration in this application.

Election/Restrictions

Again, this application has been examined with regard to the elected compounds wherein R₄ is phenyl substituted by (optionally substituted) tetrazole and R₁-R₃, R₅-R₈, m, n, p, q and W as set forth in claim 1, exclusively. It is suggested that the nonelected compounds be deleted.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claim 1 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Again, the expression "if appropriate in claim 1 is indefinite to its meaning. How is appropriateness determined? Contra to applicants' arguments in the instant response, the claims measure the invention. See United Carbon Co. v. Binney & Smith Co., 55 USPQ 381 at 384, col. 1, end of 1st paragraph, Supreme Court of the United States (1942).

Allowable Subject Matter

Claims 2-5, 6 and 8 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims and if rewritten directed solely to the elected compounds.

Claim 1 would be allowable if rewritten or amended to overcome the rejection under 35 U.S.C. 112, second paragraph, set forth in this Office action and if rewritten directed solely to the elected compounds.
